The reference materials listed below should be helpful to candidates in preparing for this examination. These materials may NOT contain all of the information needed to be competent in this trade or to pass the examination. We try to keep this reference list current and consisting of industry standard materials. This reference list is only a small sample of materials available which contain the necessary information.

The following references ARE allowed in the testing center:

**International Residential Code**, latest edition

**International Building Code**, latest edition

**Construction Principles, Materials, and Methods**, by H. Leslie Simmons, RA, CSI.  
Seventh Edition or later edition.

Books and editions are subject to change without notice. Please be aware that there may be some question/answer changes due to code updates/edition changes. To receive information on how to obtain references, please call Ivy Tech Community College, Workforce Development Center.
